BASEBALL CLUB REORGANIZED

Prospects Bright for Season
Judging from the large attendance
at the organization meeting, held in
the Town Hall on Wednesday, and the
enthusiasm displayed, there is every
reason to believe that the 1923 will
be a red-letter one in the annals of
local baseball. Everyone seemed to
be on their toes and ready to go.

League to be Formed
Mr. L. R. O. Loomis, last year's
president, occupied the chair.

The first business was the reading
of the financial statement, given here-
with, which showed that the club com-
pleted 1922 with a credit balance.
The election of officers was then
proceeded with, resulting as follows:

President, L. R. O. Loomis; Vice,
President, A. B. Potts; Secretary, H.
Baker; Executive, Frank Miller, Ben
Pessenden, M. A. Brown, H. Van
Buren, T. E. Wright, P. T. Johnson, R.
Hill, J. Swanson, G. P. Butler.

It was decided to take up with
Oglethorpe, Carseland, and Langdon, the
formation of a league. The president
stated that he had already heard from
two of these clubs that they were an-
xious to come in on a league of this
nature.

It was decided to issue membership
cards in order to start the funds
necessary to start the season.

Tournament May 24th.
It was decided to open the season
with a tournament on Victoria Day,
May 24th.

Billy Gray was asked to act as man-
ager until the position was perma-
nent by the executive.
At last year, the Strathmore team
is to be completed entirely of local
amateurs. While the boys, who are
evidently a promising lot, suffered at
the hands of one or two of the more ex-
perienced teams in the district last
season, they learned a lot, and will
be ready to take on all comers this
year.

DISTRICT COURT SITTING

Farm Work Case Heard

A sitting of the District Court was
held in Strathmore on Tuesday, Judge
McNeil presiding.

The case had reference to a lease
between Laurence Barry, plaintiff, and
the John Evans Estate. The lease
was to be for four years from March
1921, but was terminated by the de-
fendant in 1922, as provided in the
conditions of the lease. Barry was
ordered to pay for the work per-
formed on the land in 1921 for the
1922 crop, also for \$50 for travelling
expenses, and \$25 for preliminary ar-
bitration expenses.

The chief conflict in the evidence
centred around what were the prevail-
ing prices for hawking, summer-
low plowing, disking, harrowing, etc.,
in 1921, and a number of witnesses
were called on both sides.

Witnesses differed greatly from that
of defendant's as to prevailing prices
in 1921, breaking both all the way
from \$10.00 to \$16.00 per acre.

Judge McNeil, in giving judgment,
found for plaintiff for the \$288 asked
for, with interest, from March 1922.
The claim of \$50 for travelling expen-
ses to Calgary was disallowed, while
\$12.50 was allowed on the \$25 claim.

Counsel for plaintiff, T. M. Wears;
for defendant, F. E. Eaton, K.C.

LIQUOR VOTE TO BE TAKEN

The Alberta Legislative Assembly
concluded its sessions on Saturday
afternoon, after which is the longest
session in the history of the province.
Practically the final business was
the approval after amendment, of the
taking of a vote on the liquor question.
This had been brought forward by a
petition, signed by 52,000 persons,
asking for a vote on the allowing of
the sale of beer in hotels and other
public places. The legislature decided
that it would be well, in order to
give full expression to public opinion,
to put other alternative questions on
the ballot, which, as ratified by the Legis-
lature, are as follows:

(a) **PROHIBITION**—Meaning thereby
a continuance and development of
the present liquor legislation; that is,
meaning the abolition of the sale of
liquor excepting for strictly medicinal
and sacramental, manufacturing, scien-
tific purposes.

(b) **LICENSED SALE OF BEER**—
Meaning thereby, the sale of beer in
licensed hotels and other premises not
provided in the proposed Temperance
act.

(c) **GOVERNMENT SALE OF ALL
LIQUORS**—Meaning thereby, the sale
of all liquors by or through government
vendors for consumption in private resi-
dences under government control and
regulation, other liquors to be sold
through dealer's prescription for medi-
cal purposes.

(d) **GOVERNMENT SALE OF ALL
LIQUORS**—Meaning thereby, the sale
of all liquors by or through govern-
ment vendors, but to be consumed
on licensed premises and in private
residences; wines and spirits to be
purchased in limited quantities under
permit issued by the government, un-
der government control and regulation.

WEATHER STILL DRY

The weather still remains dry, and
with the advantage needed has made
great progress during the last ten
days. There has been considerable
frost on several nights during the week.

The continued dry weather has
been due to considerable anxiety, and
some of the farmers to the north are
not going ahead with their seedling
until they have some additional mois-
ture in the soil. The snowfall during
the winter, which was comparatively
light all over, was unequally divided,
and some sections of the district got
very little moisture to soft their crops.

High winds on a couple of days last
week caused considerable movement
of the top soil on summerfallow, but
not enough to blow off the grain that
has already been seeded.

The fact that the precipitation up
until now has been less than the
normal for the first four months of the
year is looked upon as a favorable
sign by some, the belief being that
the deficiency will be made up later,
when it will be of the greatest good.

The Western Staff of the Irrigation
Department are making every prepara-
tion to meet a greatly anticipated de-
mand for water. The Company have
now a number of camps out getting
the ditches and canals in shape for the
winter, which will be turned into the
main canals at the beginning of May.
Already a number of requests for water
have been received.

Witnesses differed greatly from that
of defendant's as to prevailing prices
in 1921, breaking both all the way
from \$10.00 to \$16.00 per acre.

Judge McNeil, in giving judgment,
found for plaintiff for the \$288 asked
for, with interest, from March 1922.
The claim of \$50 for travelling expen-
ses to Calgary was disallowed, while
\$12.50 was allowed on the \$25 claim.

Counsel for plaintiff, T. M. Wears;
for defendant, F. E. Eaton, K.C.

IRRIGATIONISTS DIS- CUSS SEASON'S PLANS

Watermasters, ditchriders, together
with engineers and superintendents of
the Western Section of the Bow Val-
ley Irrigation Board, gathered together
at the Strathmore headquarters on
Monday, for the purpose of a round
table conference on the work and
policy of the management during the
forthcoming season.

Mr. H. S. Stockton, Superintendent
of Irrigation and Maintenance, pre-
sided, and there was a 100 per cent
attendance every ditchrider and water-
master throughout the whole section
being present, including Watermaster
Robson, who has just recovered from
a severe illness.

At noon a fine dinner was served
in the King Edward dining room, and
following that a photograph of the
meeting was taken.

The meeting was a complete suc-
cess. This year there are a number
of changes on the staff and a number
of new ditchriders have been appoint-
ed, and the object of the conference
was to a large extent to make them ac-
quainted with the policy of the man-
agement.

SCHOOL BOARD INCREASES ESTIMATE

Government Grant Cut
A meeting of Strathmore School
Board was held on Thursday evening.
Trustees present: being Mackenzie,
Butler and Marshall.

The Secretary reported that the ef-
fect of the cut on school grants was
that the grant would be \$330 less than
last year. Previously the school had
been receiving a grant at the rate of
\$11.50 per day, the rate for the year
will be \$8.85 per day.

A suggestion had been made by the
Town Council that the Board provide
several fire extinguishers for the
schools. This was accepted.

To meet the deficiency in the es-
timate the Board decided to notify
the Council that the estimate of
moneys required from taxes would be
increased by \$400.

It was stated that the High School
fees from rural districts were not com-
ing in satisfactorily. A grant of \$40
was made to cover the expense of the
proposed school fair.

As per the Inspector's recommen-
dation, the Board asked the Secretary
to get figures on the cost of a system
of chemical closets.

IRRICANA NEWS

Jack Elliott, formerly of Itrricana,
and now ranching at Kinsworthy, was
visiting his brother, Mr. Wm. Elliott,
during the week.

Mr. Donny Howell is a business
visitor to Calgary.

James Taylor, grain buyer for the
Bawlf Grain Co., has been notified to
close the elevator until September 1st
next. Mr. Taylor will leave for
Saskatchewan.

Gregory Bros. were Calgary visitors
on Monday.

Mrs. A. B. Hay has been in the city
undergoing a slight operation to her
arm.

Mr. W. Marshall is recuperating,
and is expected to be up shortly.
Mr. Frank J. Fawcett has returned
from a visit to Mr. Geo. Foudnot, at
Della.

Mrs. J. Nance is having a new
coat of paint put on her parson. It
would be well if other building prop-
rietors followed suit.

A report on resolutions submitted
by Banff, by Itrricana, U. Local,
dealing with Tax Recovery proceedings
will be published in next issue.

THE WINTER CARNIVAL AT BANFF

Strathmore, donee of the Grand Prix dog trophy. 2. With his trainer and W. W. Grant of the Alberta Broadcasting Station. 3. Strongheart, Banff Hotel. 4. Banff Hotel.

The beautiful mountain town of
Banff has become the hub of
winter sports, and its claim as one
of Canada's finest playgrounds in
winter or summer is admitted. The
deficiency will be made up later,
when it will be of the greatest good.

The Banff Winter Carnival this
year was the best on record. It was
attended by a larger crowd than ever
before, and the attendance was more
than justified by the programme
which opened on February 24th and
closed March 6th. The ten days were
crisscrossed with sporting competition
events.

The ladies' hockey cham-
pionship and the all-jumping con-
tests were perhaps the most popular
and spectacular features open to all,
but there were very few visitors
from \$10.00 to \$16.00 per acre.

On Saturday, March 3rd, a hun-
dred mile team dog race was held
on Lake Minnewanka, at Banff.
The first long distance dog
race in which all the contestants
were in full view of the spectators
the whole time. Among the con-
testants were seven famous dog
teams from The Fox and the ge-

ment they provided compensated
for many a long journey. This part
of the programme was supported by
the Trimble-Murphy Motion Picture
Company, which is at
present located at Banff for the
filming of Jack London's "White
Fog". Strongheart, "the wonder
dog of the movies," which is taking
the leading part in the picture, won
the trophy in the Grand Prix
race, and from the W. W. Grant
broadcasting station at Calgary
announced all dogmen and all
Canada and the United States to
attend the dog classic of all time
at Banff.

Special arrangements were made
with the Canadian Pacific Railway
for the transportation of Strong-
heart and his party, which consisted
of Miss Lillian Rich, Mrs. J. I.
Drewitt, and J. H. Brown, presi-
dent of the Banff Carnival Associa-
tion, and Mr. Lawrence Trimble, the
dog's trainer. Strongheart travelled
in the Pullman car and was received
by the Calgary Colonel G. R. Pearson,
V.C., at whose invitation he had
undertaken the journey. After he
had introduced to a large number of
loyal guests gathered to meet him,
Strongheart was taken to the broad-
casting station where, after intro-
duction by his trainer, he barked his
message to the world.

Council chairman, the central figure
in the splendid collection of dogs that
were gathered for the race, was once
a German police dog and towards
the end of the war he saw consider-
able Red Cross service. Three years
ago he was brought to this country
and was purchased by June Murfin,
the playwright who wrote "Lone
Time" in collaboration with Jane
Curtis, the actress. Miss Murfin and
Mr. Trimble are the producers of the
picture plays in which Strongheart
is the star. Just as a dog he is
worth close to fifteen thousand dol-
lars, but as a dog actor he is almost
beyond price. He is not a trick dog.
He is just under the absolute con-
trol of his trainer.

In the training of his charge Mr.
Trimble applies to the dog the psy-
chology of the human, and he
believes in treating dog as you
would treat a man. He watched how
Strongheart reacted to every stimu-
lus—sounds, sights and smells, and
worked with him accordingly. He
made him chase the balls formed
in police and Red Cross work, but
he did not attempt to try and change
the dog's impulses. The actor dog's
actions are governed by what he
recognizes as the supreme authority
and he does anything that he is told
because his master has never ridi-
culed him or betrayed his trust in
him. His dog nature has been com-
pletely understood, and that is why he
is the most perfect movie star of the first
magnitude.

Women's Institute Work Great Paramount Special

Interesting Report by Convenor

(By Mrs. S. E. Hall)

In submitting my convenor's report for the fifth year of service, I am convinced that "women's work" is not confined to any one certain line of work, for as I read the different reports from my secretaries, there is that which calls for my appreciation of their efforts in furthering "Home and Country," and I am very anxious to give mention of the work for the year of their efforts to make their community life better, to ease pain and administer sympathy, to take their places in public life and speak for better conditions, better educational facilities for the children of our constituency.

Women Have Done Best

Considering the lean years through which we have been passing, our women have shown that never-failing quality of doing their best, and shows the wonderful team work done by them.

In my constituency are Institutes at Gleichen, Langdon, Nightingale, Queenstown, Rockford, Standard and Strathmore, and U-Got-Go Girls' Club at Strathmore.

The constituency conference was held in the Gleichen G.W.V.A. hall the latter part of October, and while we were very much disappointed at the attendance was not larger, though the splendid co-operation of the Gleichen organization, it was an occasion to be remembered in our history of constituency work.

The first evening a musical program was given by local talent and Mrs. A. H. Rogers.

Provincial Secretary-Treasurer gave a splendid address on "The Community Spirit," which pointed out our own responsibility for our community.

We were welcomed to the city by Mayor Hyndman, who assured us of his interest in our work.

Early History of Gleichen Constituency. Early history was featured, Canon Stoecken gave early Gleichen, and the convenor early Strathmore. Canon Cornish also spoke in of early conditions, and as we must meet them today.

What Institutes Are Doing

In summarizing my report, I find these outstanding features: Miss M. Morfin, Government Health Lecturer, visited all Institutes, Gleichen, Langdon, Queenstown, Strathmore and the Girls' Club, Strathmore, used printed programs; Langdon has two meetings; the others just one a month in the homes of members; Langdon and Strathmore have annual picnics "where the children get all the ice cream they can eat"; Queenstown holds an annual banquet, and husbands and friends attend; Standard and Langdon have spirited debates in their programs; members on school board, Langdon and Gleichen. All sent delegates to annual convention, set delegates to district conference, Gleichen two, Strathmore 1, Rockford 2; to constituency conference, Gleichen, Queenstown, Strathmore and Girls' Club, Strathmore.

Activities of Institutes

Gleichen—All meetings opened by singing "O Canada," and reading "Club Woman's Creed," entertained local G.W.V.A., and presented them with a British flag for their hall; took charge of Red Cross drive for funds and supplies, showing a sum of money; co-operated with U.P.W.A. in serving a supper to the agricultural association, raising proceeds for the association; had a surprise party for our oldest member at her home; a gift of money to the woman who had lost all effects in a fire, stimulating it to be spent for herself; a visit from convenor; gave a whist drive and auctioned a quilt, proceeds given to Red Scouts; held dance and served lunch, keeping proceeds. The W. L. own cutlery and dishes enough to serve one hundred and twenty people, and sent to different organizations for a nominal fee; served supper to local fire department and local high school; gave a "Dinner Dishes" contest at local fair with nurse from Calgary in charge; musical program; home talent play, "Cubbing a Husband"; mas-

querade dance October 31; studied the map of Alberta in the good old-fashioned geography lesson.

The principal work of the Institute has been the care of A. Meyers, 14 years of age, lame from blood poisoning for seven years, having furnished antiseptic dressings, X-ray picture of thigh and leg showed bone disease, we sent him to Mayo Bros, Rochester, C.P.R. gave him a pass, and he went alone, the operation and treatment was a success, and in time he will be permanently cured, clothes bought for other needy children; a sum of money sent to Sunshine Society for a man who was injured by train at Langdon; held bazaar; served dinner on election day; local donations and from Ladies Club, Cheadle, in A. Meyers case; members to "make a dollar" before next meeting; debate, "Should Capital Punishment be Abolished?"

Queenstown—Started Xmas Club fund; home talent play, "Deacon Dabbs"; co-operating with U.P.W.A. in giving stork-shower; discussion on following questions: "Women's Rights in This Province," "Women and the Citizenship Law," "The Evil of the Drug Habit"; reduced the price on cook books; scrap book of all Institute items and reports of constituency work, prizes for school fair; gift to members leaving district; postcard and letter shower to late secretary; sale of home-grown garden seeds;

co-operation with Ladies' Aid and U.P.W.A. to supply carnations to all on Mothers' Day; elected the three oldest members as Hon. Members in appreciation of their work and interest; instead of sending flowers to funeral, sent funds to family.

Rockford—Organized by Mrs. Hughes in December 1931, are now in the work, yet report good programs; home talent concert; whist drive, Valentine party; pantry sale, furnished flowers for sick at hospital, made a table and furnished chairs to make patient and nurse comfortable in isolation hospital; just now an initiative W. L. but hope to re-organize soon.

Standard—Gifts of money in "Christian Home" at Olds; co-operation with the "Girls' Club" in giving relief to needy family; entertained the U.P.W.A. at a sewing contest, each lady with needle and black thread sew a child; in small squares of muslin, not as easy as it looks; four cake drive, each member paid 25c to draw; male at program, mock trial, debate, "Resolved that good home-makers are more desirable than good house-keep-

FAMOUS PLAYERS—LARRY CONNOR AND PRESENTS

ers; prohibition question discussed; Halloween program, superstitions and customs; sent for government bulletin for use at meetings; resolution passed to ask school board to have the British flag flown in accordance with the school act.

Strathmore—All meetings opened by singing "O Canada" and reading "Club Woman's Creed." Red Cross drive for cut of clothing; hot school lunch in stall at Strathmore school much interest taken in each month's topic, lunch served at school fair; fame of our grandmother's meeting extended even to Ontario, where phiz were sent and in reply came report of a wonderful grandmother's meeting there; 10th birthday cake and checker drive; birthday cake, being sent by only charter members present. Birthday tea recently inaugurated for raising funds. Hostesses grouped by birth months; Xmas meeting, all took gifts not to exceed 25c in value, and after

a discussion re. sensible giving, each as excited as a child to see what their package contained.

Nightingale—Held bazaar, dance, bought material, made and embroidered quilts, gave flowers, still holding funds to assist in building a church; U-Got-Go Club, Strathmore—A splendid program was followed for the year, masquerade dance, musical program, four sack contest, articles being judged by two members, "Life of St. Patrick" was studied; baseball club organized by members, harvest dance, farewell parties for members leaving community and presented gifts.

In my 1922 membership and Financial statement, I have these totals: organizations 8, members 235, meetings held 115, receipts \$227.50, expenditures \$119.04, balance \$705.44.

As read at Southern District Conference, Alberta Women's Institute held at Medicine Hat recently by Mrs. S. E. Hall, Gleichen Constituency Convenor.

A Handy Cant to have in the House—Now!

Not only good for floors, but useful on all interior woodwork where a hard wearing gloss finish is desirable.

Housecleaning time should start with dusting and scrubbing, and finish with PAINT. There's nothing else in all the world that will do so much at so little cost.

When you paint, paint with good paint. Anything else is poor economy: spells disappointment when the first gloss wears off.

Ladies' Bowling

Competition

Under the auspices of the Anglican Ladies' Guild a tournament took place, concluding last Tuesday evening, between eight teams, captained by the following ladies:

Mrs. Knyvett, Miss Knyvett, Mrs. T. Chamberlain, Mrs. Saunders, Miss James, Miss Reeves and Mrs. Brown. Mrs. Brown's team was successful in winning the tournament, just beating the runners up by 22 in the last game. Mrs. Hirtle was successful, winning a prize, presented by the Misses Harvey, for the highest individual score of 52. Miss Watson and Mrs. G. A. French were next with 48 each.

Miss Reeves team played the best game throughout, and were unfortunate in losing out in the last draw with Mrs. Brown's team.

Following are the total scores of the different teams:

Mrs. Brown's Team—Average for four games, 83 1/2.

Miss Reeves' Team—Average for four games, 88 1/2.

Mrs. T. Chamberlain's Team—Average for three games, 77.

Costs of Running

A Store

W. E. Koch, of Chicago, lectured at the Retail Store Course in Manitoba University, on Retail Accounting Made Easy."

He gave some interesting statistics as to average costs for a business doing \$20,000 a year. Wage of sales force were 12-16 1/2 per cent.; advertising 1-1 1/2 per cent.; selling expense, 2-10 1/2 per cent.; buying 2-6 1/2 per cent.; taxes 5-10 1/2 per cent.; insurance 6-10 1/2 per cent.; depreciation of store equipment, 3-10 1/2 per cent.; repairs on store equipment, 3-10 1/2 per cent.; interest charge, 4-10 1/2 per cent.; miscellaneous, 1 per cent.; loss 3-10 1/2 per cent. A total of 20-6 1/2 per cent. For stores with a turnover between \$20,000 and \$50,000 the ratio of expense slightly increased, running up to 25-2 1/2 per cent.

Miss Knyvett's Team—Average for three games 75.
Mrs. Hyde's Team—Average for two games 58.
Mrs. Saunders' Team—58.
Mrs. Knyvett's Team—53.
Miss James' Team—43.

The Secret of Cleopatra's Beauty

Palm and olive oils—making the five nature's Palmolive Soap.

However much she called upon cosmetics to increase her beauty, thorough cleansing was never neglected. Palm and olive oils were the basis of Cleopatra's elaborate toilet and the foundation of her lifelong beauty.

The luxury of Palmolive is a gift of modern science which ancient beauties never enjoyed. The palm and olive oils which they used are now blended in the finest facial soap the world has ever known.

In the mild, soothing, creamy lather of Palmolive you find an ideal cleanser. It is lotion-like in its action. It soothes while it cleanses. It is a real complexion beautifier.

The price places it within reach of all. You can afford to use it for every toilet purpose.

You can buy Palmolive Soap at all first-class dealers.

STANDARD NEWS

Mr. and Mrs. I. H. Larivien motored to Calgary on April 16th. Lantern slides were held in the senior room of the school last Tuesday, taking up the grade X physical geography course and the grade VIII art course.

Mr. and Mrs. George Petersen entertained on April 17th, in honor of their little daughter Rosa's birthday. Guests included Mr. and Mrs. Chris. Anderson, Mr. and Mrs. Fred Christensen, and Mr. and Mrs. Chris. Sorvace.

At the auction sale held at the Neilson farm on Monday, the 16th, a large crowd was in attendance, and the prices realized on the stock and implements were very satisfactory.

Mr. and Mrs. Elmer Wirt were country visitors on the golf links on Sunday, April 16th.

Mr. George Webb, the genial proprietor of the Banner Hotel, reports business picking up; entire accommodations of the hotel being taken on one or two occasions during the week.

A C.P.R. work crew have been in Standard for a few days, taking down the water tank which has been in disuse for a number of years. The tank was erected here when Standard was the end of the steel, but on completion of the line to Bassano, it was found more satisfactory to use water cars in connection with trains than to operate the pumping station here. The wrecking of the tank removes one of the earliest landmarks of the district. Friends of Mr. Carl Birch will be pleased to hear that he has so far recovered his health to be able to go to the farm and supervise seedling operations.

Mr. and Mrs. Will Dankewitz, who have spent the winter in Standard, have moved to their farm in Craighair district.

Income tax forms have been distributed during the past week from the local post office. If the government would be satisfied with a simple statement of the funds left over at the end of the year it would be a simple matter for most of us to complete the forms.

Customers of the local branch of the Union Bank will miss Pat Ahlens's happy smile when they visit the office now. Pat has been a very popular officer of the branch for about eighteen months and we regret to know he has severed his connection with the institution, and will try farming for awhile. Mr. and Mrs. Nels Jensen will regret to learn that he is confined to the house through illness.

Born on April 18th to Mr. and Mrs. Steven Jensen, a boy.

When Mr. and Mrs. Anders Anderson were on Monday 16th invited to go to Mr. and Mrs. Wacker, they had no idea that at the Long Beach school house they would find gathered together nearly everyone from the district who were there to celebrate their silver wedding anniversary. During supper Mr. Garret presented Mr. and Mrs. Anderson with several pieces of silver from their Long Beach friends in token of the high esteem in which they are held, and also with a roll of silver sent up by their friends in the States. Several toasts and speeches were made by those present. It is hoped that the people of Long Beach will be able to surprise Mr. and Mrs. Anderson again on their Golden wedding anniversary.

Mr. Geo. W. and Martha, Mrs. C. H. Hasky, Mrs. G. Dickson, and Miss Dickson were visitors to the home of Mrs. Paul Busman on Friday afternoon.

Mrs. Frank Gibson and Miss Marie Clough were visitors at the Dickson home over the weekend.

April 20

JESUS PREACHER AND HEALER
Jesus went about all Galilee, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of sickness and all manner of disease among the people.—Matthew 1:23.

April 30

KNOW AND CONSIDER—Know therefore this day, and consider in thine heart, that the Lord be in God in heaven above, and upon earth beneath: there is none else. Then shalt thou know His statutes, and His commandments, which I command thee this day, that it may go well with thee, and with thy children after thee, that thou mayest prolong thy days upon the earth, which the Lord thy God giveth thee for ever.—Deut. 4:29, 30.

May 1

THE HEARING HAND—For ye have despised His voice, and ye will not obey His law.—Galatians 4:2.

April 28

PLANT TREES

For the Community Good

A movement has been set on foot in Strathmore to plant trees on a number of our streets. The citizens generally are asked to co-operate.

The trees can be got for almost nothing. All that is required is the labor to plant them. It is intended that on Arbor Day, or other suitable date, citizens of Strathmore will turn out and assist in the planting of trees on certain selected streets and avenues.

Let Mayor Bell or Mr. J. Saunders know if you are willing to do your bit in this movement. They will supply all information.

Experimental Farm, Ottawa, Offers Aid To Farmers

(Exposition Farm Note)

Farmers who are growing varieties of grain the quality or producing power of which is in doubt are invited to send eight ounce samples to the Cereal Division, Experimental Farm, Ottawa, for an analysis and field trial. The living greatest promise will be carried over for comparison with standard varieties in subsequent years until their value can be determined. As the land at present available for this work is rather limited, samples will be included in the test in the order of their arrival. Those coming late may be held over for trial next year.

The great difference which exists between different varieties in respect of their ability to give paying returns on a given farm makes it highly important that farmers check up periodically the sorts they are growing. This, of course, can be done best by trying out on the farm concerned a few of the sorts which are most highly recommended by the nearest Experimental Station.

Unfortunately this sort of work requires more time than the average farmer cares to devote to it. In such cases it is recommended that the reverse course be taken and that samples of seed of the varieties under suspicion be sent to the Experimental Farm for study as above suggested. Such a course not only may lead to the acquiring of valuable information regarding the value of a given sort but also serves to establish an intimate and direct connection between the Cereal Division and the farmer whom it seeks to serve. Furthermore the experts connected with the above Division recognize in the scheme a possible source from which valuable "starting points" for improved varieties may be discovered.

Sample weighing up to 12 ounces are free by mail when addressed to Dominion Cerealist, Experimental Farm, Ottawa, Ont.

Inside each package there should be a statement giving the name and address of the sender, name or names by which the varieties has been known, where the seed was first obtained and when, the apparent suitability of the variety for the district where grown, the susceptibility to rust and smut, ability to stand up under adverse conditions, nature of soil where grown, system of cultivation followed, and any other information which might be of interest.

I. H. NEWMAN,
Dominion Cerealist.

BAINTREE NOTES

Mrs. T. Longbottom has been confined to bed for the past week with a severe attack of tonsillitis.

Mr. Steven Swanson was a visitor to Calgary last weekend. A number of Baintree residents attended the dance at Rockyford on Wednesday evening, and all reported a splendid time.

Mr. Brown, of Strathmore, was in our town last Friday on business.

Favored by the fine weather, seeding is progressing at a rapid pace and at least seventy-five per cent. of the wheat is in the ground. The hot winds that prevailed last week have made surface moisture scarce, and a good snowfall would help quite a bit. Mr. and Mrs. Truth have moved for the summer months to their farm three miles north and one mile east of the town. Harry will surely be a busy man looking after both places in the summer.

With oats at the present prices we wonder if we couldn't trade with Mutt for the horse he bought a number of years ago. We mean the one that wouldn't eat or drink, but was a good worker.

BALL PLAYERS COME HIGH
Editor, Standard, Strathmore.

Dear Sir: I wish to have corrected, a statement you made in your last issue.

Re ball players, Chas. Miller and Massey Harris Currie. I did not offer \$17,500.00 for both players, but I did offer \$17,500.00 for one player, also, as an incentive, I offered two of my best players in trade, namely Babe Godfrey and Ben Levitt. You wonder why I would let loose my best players, well, two years ago, when we were playing the Calgary team, of three games in which, we got the long end. A couple of players made a personal remark about the said two players, the remark that they should be in the other team.

These boys seemed to think that I was the instigator of the remark.

I offer this as an explanation and apology to Messrs. Miller and Currie. To confirm this statement you may call at the bank and find May C. K. marked "X".

Yours truly,
J. J. BLAKE

Town Council

The regular meeting of Strathmore Town Council, held in the Town Hall on Tuesday evening last, was attended by a full Council.

A number of matters were taken up. Fire Equipment.

As a result of the recent fire at the C.P.R. Farm, it was decided to organize the fire equipment, and also to reorganize the brigade, which for some time past has not been in existence. Mr. Geo. Anderson was appointed fire chief, and given authority to engage six men.

Keeping Down Dust
Mayor Bell brought forward the matter of improvement of the principal streets in the town. Something would have to be done to get rid of the sand, which was an annoyance to everybody. He wanted to bring the matter forward that the town water tank should have to be done to get rid of the sand, which was an annoyance to everybody. He wanted to bring the matter forward that the town water tank should have to be done to get rid of the sand, which was an annoyance to everybody.

Several suggestions were brought forward, among them being graveling; taking gravel from the C.P.R. trench rails and mixing it with the sand, and then putting gravel on top, etc. A suggestion was made by Council for Weidert that the town water tank should be fitted with a sprinkler attachment, so that it could be used to sprinkle the roads in dry weather.

Use Phones 17 or 68, Strathmore, for rush orders.

Seed Grain

— 6 —

(Experimental Farms Note)

The choice of seed grain is often the determining factor between success and failure in farming operations. Good seed must be clean. To sow weed seeds with the grain invites trouble, and no system of cultivation can prevent a weedy crop under such circumstances. There are several makes of grain cleaners on the market, that effectively separate good grain from any other, and at the Experimental Station at Southern such machines are used even to the extent of separating the wild oats from the others. This out separation is based upon the difference in the size of the kernels, and with the wild oats pass out all but the large, plump "tame" oats, leaving for seed only a small portion of the bulk of the original grain but ensuring the very best for seed.

Good seed must be of a desirable variety. There are varieties of wheat, oats and barley that are inferior in yield, quality, colour and time of ripening, while there are a few that are sufficiently early to mature in most seasons, high in yield, of outstanding quality and of desirable colour. The experimental stations are investigating the relative merits of different varieties of grain every year, both on their own farms and throughout the co-operation of farmers in other districts, and are always ready to hand out the very latest information on this question. By choosing the best variety the farmer is securing to himself not only the largest yield but also the highest price because of the superior grade of his grain.

Purity of variety is of great importance because mixed varieties do not mature evenly, and they give an uneven sample which might imply a low grade. A single variety, if pure, is to be preferred to a mixture of two or three otherwise slightly superior varieties.

Most important of all is the germinability of the seed grain. No seed grain is of any value if it does not germinate, and a test can be obtained

SASKATCHEWAN TELEPHONES

Saskatchewan stands first in the world in regard to the number of rural telephones per population, with a telephone for every nine inhabitants. Saskatchewan has \$11,000,000 invested in town telephones with 31,800 subscribers, and \$15,000,000 invested in rural telephones, with 58,000 subscribers.

NEW FEDERAL CONSTITUENCIES

A forecast of the Federal redistribution of Alberta constituencies reveals four new seats: Peace River, out of the north-west part of West Edmonton; Athabasca, out of the north-east part of East Edmonton; a new riding out of parts of Medicine Hat and Battle River constituencies; and a new riding out of parts of Victoria, Battle River and Red Deer constituencies.

by forwarding a sample of the seed to the Dominion Seed Laboratories at Calgary or Winnipeg.

Good seed may be had from a reliable grower for a beginning, after which it will be developed by sowing it on clean land and using a cleaner vigorously. If one is desirous of growing seed grain for sale it would be well to join the Canadian Seed Growers' Association and grow according to their instructions. For information concerning the work of the Canadian Seed Growers' Association write the Secretary of that organization at 114, Victoria St., Ottawa, Ont.

Wm. A. MUNRO,

Superintendent,
Dominion Experimental Station,
Southern, Sask.

ALMA RUBENS A THOROUGHBREED

"A regular thoroughbred" is the term the men of the company of "The Valley of Sileni Men" applied to Alma Rubens who worked for six weeks in the frozen north of Canada in filming the picture. Falling down snow covered mountains, climbing peaks, driving dog teams and walking miles in knee-deep snow were some of the things Miss Rubens did without complaint. "The Valley of Sileni Men" will be the feature at the Memorial Hall on Friday and Saturday.

"I Don't Believe In Advertising!"

This used to be a common saying, but it is so no longer. Advertising is not now a matter of belief or faith, but it is a proved necessity to every man who aspires to conduct a progressive business, and cater to the public.

For the business man located in the Western Irrigation Block, The Strathmore & Bow Valley Standard is the logical medium. It is cheaper to use and more effective than circulars and other forms of advertising, and can be effectively combined with these. It has a guaranteed circulation of 1100 copies per week, all but approximately 100 copies going to residents within the Block.

Advertising is an investment, not an expense, but you must use it intelligently and persistently to get the full benefit from it.

Lower Wallace's cat, from near Stratford, England, is being transplanted into a suitable domesticated form for the purpose of the United States having failed.

Miss Rubens, one of the actresses of the "Valley of Sileni Men" applied to Alma Rubens who worked for six weeks in the frozen north of Canada in filming the picture. Falling down snow covered mountains, climbing peaks, driving dog teams and walking miles in knee-deep snow were some of the things Miss Rubens did without complaint. "The Valley of Sileni Men" will be the feature at the Memorial Hall on Friday and Saturday.

A view of the beautiful Lake of the Woods district where the Canadian Pacific is building one of its new "Bangalore" camps.

After a series of "traps," his friends are trying to persuade the Prince of Wales to give up his people chasing.

The "Trap Net," a humane method, was first used at the last New York poultry show.

The Canadian Pacific steamer "Montcalm" making her first appearance on the trans-Pacific route will be the largest ship to be seen in the harbor.

Children from here passed a successful day in Birmingham, England, last week, and are now on their way to the city.

Children can now leave their children in care of the play-club attendant aboard the Canadian Pacific Steamer "Montcalm" and enjoy the rest of an ocean voyage should be.

Left to right—Leonard Gilmour, Clifford White, Gordon Sutherland, Joseph Martin, four law winners of the competition held by the Young Farmers' Club of Great Britain, have been awarded a full summer's course in the agricultural school of Victoria, by R. W. Beale, President of the Canadian Pacific Railway.

ALB

Baseball Jottings

The Rockyford Amateur Baseball Association held an executive meeting on April 19th.

It was decided we affiliate with the Alberta Amateur Baseball Association and that, owing to the fact that immediate championship have no say in the provincial honors, we decide to play as seniors. All baseballs, to be purchased from local firms, both of whom gave us a better rate than Calgary.

Chas. Eldard was appointed business manager and added to the executive.

The deficit at Olds at the Old Sox vs. Rockyford series last week: Rockyford is willing to play a game at Olds, paying all expenses both the hotel bills, and turning over the gate receipts over to the promoters of that series. Date of game to be mutually agreeable.

Dr. Tiffin was appointed delegate to the annual meeting of the Alberta Amateur Baseball Association.

A few of last year's "colts" were out on the diamond last Sunday. The full game will be out next Sunday.

"Lefty" Brown paid us a visit on Sunday and is "hearing to go." "Lefty" appears delighted to be with us and is anxious to play the first game.

The season will officially open on May 24th, when Carbon and a senior team from Calgary will play the champions. If the plans of the committee realize, and programme of races, etc., will be thrown in, and a big dinner at night in McCrea's hall will wind up the day. Let everybody come and help make the day a success.

The hall team will take to the rink, the donations of the club will ship tickets.

The sale of tickets to date is \$124.

Carbon News

Last Monday, the Bank of Montreal opened for business in their new office. All preparations had been hurried along the previous week. The interior of the building received a coat of paint and over the weekend the two

Rockyford Locals

Among those who are enjoying the usual spring clean up, we noticed Andy Gump who now has his yard in fine condition for the pups and chickens to play in.

When is the Municipal Council going to do something about that mud hole near Leonard's. Practically every hole some one reports getting tied up there.

Speaking of that particular mud hole—a couple of motorists had the misfortune of getting stalled there a few nights ago, and after trying to get out for half an hour or so, were about to give up when a car was noticed coming towards them. The occupants of the car stopped, got out, and sized up the situation, not back in their car, started up and got by successfully on the other side. Did they stop as common courtesy and decency demanded? They did not, but kept on going. Those two "well-mannered" beings were, I am ashamed to say, Rockyford people: one a Rockyford business man, and the other—well, the best said should win the better. Maybe they are aspirants for admittance to this evil fish society that we have been hearing so much about lately.

The tennis club fans are unable at present to enjoy their game due to the courts being repaired.

Percy Edwards apparently goes on forever in improving his place of business. We noticed two brand new lawns lately. Now Percy, if you will only have your two lawns' benches upholstered we will not expect you to do much more for awhile.

We are pleased to see Miss Spillard again fight her attack of the flu.

Miss Paula Part has returned to the office in good health, assisted by her father at the office.

Rockyford citizens have taken their orders to "clean up their premises" very seriously. The yards, fronts and backs, lanes and alleys, vacant lots, etc., all show signs of the rain and a much improved looking village is the result. We should not let this just be a sport, but now the hard part is over, should make it a point to raise over our land at least once every two weeks.

Honest John, better known as Dr. John Wight, while driving home from Rockyford, had the misfortune to lose a valuable horse one day last week. The idea prevails that the animal was bewitched by a certain individual who has been trying to either buy or trade for his horse. Had honest John been able to get in touch with Jacob Wirtz at the time the animal's life could have been saved.

Had honest John been able to get in touch with Jacob Wirtz at the time the animal's life could have been saved, the animal would be well to communicate with him at that. Anyone having similar troubles would do well to communicate with him at that. This evil eye practice is being taken entirely too far in this district, and some means should be taken to arrest it.

Mr. and Mrs. McQuade returned to Calgary last Sunday and returned to Carbon on Monday.

Mr. and Mrs. C. C. Pope and family were the guests of Mr. and Mrs. T. P. Friesen on the weekend.

A Junior Branch of the Red Cross has been formed at the Carbon School. The following are the officers: President, Velma Mackie; Vice-President, Marjorie Goff; Secretary, Kate Ramsay; Treasurer, Alex Paxon; Circulation Manager, Bruce Ramsay.

Mr. R. H. Williamson and his brother were in Carbon last weekend on business in connection with the store. Transatlantic sign of spring—It is known that Mr. H. N. Elliott, our general post-master just recently put, has a plan in a garden rack.

Mr. Jordan, of the firm of Burns & Jordan, railroad contractors, passed through Carbon lately on his way to Drumheller. It was noted that the occasion of his visit was business connected with the extension of the C.P.R. from Drumheller east to the Bull Pound.

We learn that Mr. Wm. Burton, whom all will remember as being connected with the hotel, is back in Calgary from England, and will be in Carbon in the near future.

On Thursday of last week the dis-

Miss A. Wyer, who has lately been relieving at the telephone exchange on afternoons, operated the board one day last week when Miss M. Williams was sick.

Provincial School Conditions

—0—
Interesting Report by Rockyford Delegate to Trustees Convention.

The following is a synopsis of the very interesting report presented by trustee D. R. Howick at the last meeting of Trustees of Glenora School District, on the proceedings of the annual Convention of the school trustees Association, the annual Convention of which was held in Calgary recently.

Closer Relations Advised
I was unable to be present at the morning session, but what I gathered from members of the convention may be of interest to you.

A closer relation between teachers and trustees is advised and a better acquaintance of parents and teachers will be greatly to their benefit, in reaching better service to the school and making the teacher feel at home in her work and social surroundings. Contentment, and a thorough acquaintance of parents and trustees with the teacher and a co-operation of the board and parents will add greatly to the teacher's efficiency in her school work.

Purpose of Taxation

The address by President Wm. Ray on taxation and the duties to children is worthy of consideration in this report. Everybody is interested in children, or should be, be he parent or not. The first duty is to furnish food, second, clothing and shelter, third, education, which in all public schools are supported by taxation. The payment of school tax is one of the most important duties of the property owner for the welfare of the school and the community in which he resides. It is an obligation which should not be put off until the last, but should be the first, to keep your district in good standing for education and better citizenship. There are at present many reasons for the heavy burden of taxation and many which are beyond the control of the taxpayer, namely, the world's war, tariff relations with the United States, unfavorable crop conditions, and low transportation.

Most of these conditions exist at all times, and can only be relieved by national and united national action. But, as national machinery moves slowly, the taxpayers' only relief is amity and economy on these two virtues hence the hope of the future.

School Fair

Mr. Craig, deputy minister of agriculture, states that there will be about one hundred and sixty school fairs held in Alberta this year, and that the department is aiding in two thirds of the prize money up to \$100 will furnish the prizes, and seed money for food, and seeds for planting to pupils over eleven years old.

For the organization of fairs, the trustees and teachers co-operate with the school inspector and the agricultural school at Glenora.

Rural Health Service

An address was read by Miss Kate Higinbotham, P.H.N., on Rural Health Service. In which all minor diseases of school children were dealt with. It is the duty of the nurse to visit each school once a year, and each nurse has her own convener and her district contains 20 to 25 schools. She is not expected to remain in one place and take cases. Her duty is to examine children and advise parents as to the treatment of their various diseases. For the school will be benefited there by in \$10 dollars, over this amount of scholars the fee is reduced per cent; the larger the school the less the cost to each scholar.

School Statistics

There are about 4,000 schools in Alberta, a few of which are closed on account of funds. Each inspector has from 100 to 125 schools to visit, and his duty is to inspect each school twice during the year, and examine the teachers in teaching, make suggestions and alterations as his judgment may determine, hear recitations and take on the duties of teacher, if in his opinion the school will be benefited thereby. There was quite an amount of complaint by trustees, that the inspectors were not performing their duties as prescribed by the school ordinance. There was no report on Alberta Municipal Schools, or Consolidated Schools in Alberta. Quite an amount of information was given by Mr. Herbert, who corresponded with the trustees of Minotola, Man. General Summary

Several of the speakers on the programme were absent. Number of delegates registered were 361, pool

rate for transportation \$1150, probable

expense of each delegate \$20. The sessions were six in all, and each were

lengthy, one hour for noon and closing

in the evening at 7 p.m. The attention to business was good, and order

well maintained.

The convention was not so large as last year, there being then 446 delegates.

The feeling of the delegates was one of endurance, pluck, and a determination

to do their best, with hopes for a bright future.

Mr. Baker, Minister of Education, gave a short address on this subject, and the relation of trustees to teach-

Golf Club Is Going Ahead

The executive and handicap commit-
tees of the Golf Club met on Saturday
evening and planned an attractive pro-
gramme of matches, competitions, etc.,
for the present season, and settled on
a handicapping system which will pro-
vide for an interesting amount of
sport for every class of player from
novice up to scratch. It is urgent that
every member shall turn in at least
three signed score cards before the
15th of May in order—(a) that club
teams may be formed, (b) that each
member may be able at will to enter
matches, fairly handicapped.

The handicaps will apply to mixed
fourfours, as well as other club events
and as mixed foursomes are more or
less social games it is desirable that
every member be equipped with a han-
dicap standing in order to take part
in them, and thus add the social life
of the club. Members are requested
to sign and date their own cards and
their partners cards and drop them
immediately in the box at the clubhouse.
The pairing of partners for the three
preliminary rounds is as follows:

Men
Tomlinson with Butler,
VanTighem with Foote,
Williams with P. R. Dobson,
Hill with Knyvet,
Wright with Patrick,

Slats' Diary

Friday—We was out for dinner to
note at supper time and when we
were a coming home, we
jumps onto pa & pe
why did he reject
the Gray who is
es it so much and sly
sly. Giffin had went
and made it a special
ly for his friends
he now he liked it
ed the reason he
didn't care for not
it was because it
seen a couple hairs in
it and he prefers his
Gray ball headed.

Saturday—Pa was
tasting the new Dr. how
was business now and if he had
many customers yet and the new
ly rejected and said they was hot of
low coming in and trying to get
perceptions. And once in a while with
was suddenly came in with was
rick.

Sunday—Joe Hix is a point to get
smoking he says. He red in a paper
she a copy Claret you smoke a
a week off of the tale end of yore life
and got to figuring. He has been
in a day for the past 2 yrs
since the war and it shows that he
about his self out of 347 yrs.

Monday—Uncle Hen was here
this evening and he and ma was a
tackling and he said he had a woman
ought to no how to earn money and
up and says she ems very cent she
sists a half of and he says How do you
figure that. She said if you now how
hard it is for me to get money out of
my hand you would say I rent it.
Uncle Hen is a old Bachelor and owns
a race horse.

Tuesday—I was a telling Jane that
Uncle Hen's horse had won the Derby
last winter down to New Orleans, and
she said Well what in the wild does
a horse want with a derby, they
cant wear them can they. I answered
her in Latin and said Packs of Blahets
with means Paces be with you.

Wednesday—The traffic cop told
pa he couldn't stop in the middle of
the square today and pa just left
and said I guess you are not acquainted
with this car of mine.

Thursday—Ma wouldn't let me wear
my new pants today and I had a notion
to spill ink on my old ones. But I did.
I disliked it wasent any use
to bling up your face to spike your
nose as the proverb goes.

HERVEY NEWS

Wheat seedling is now in full swing,
with about the usual average. The
seed being in first class condition for
the seed, but will need more moisture
soon as there is a very limited amount
in the soil.

Mr. Julius Shaker's nephew, Albert
Bodow, who is visiting for a couple of
weeks, broke out with the measles on
Friday last but is now getting along
nicely.

Oh, Mr. Dairyman! Don't you think
we had better organize and have a
movement made for dairy products?
As it seems now the creameries
have pretty good control of the cream
situation when they can drop
the price of cream five cents at a
jump any time they wish to make a
few thousand dollars, and Mr. Dairy-
man takes it just like a sheep takes
the slaughter at when he goes to the
slaughter. There is a good stiff de-
mand for dairy products at the present
time. Why the decline, in price?

A taxpayers' meeting was held at
the Hervey school on Friday last to
elect a new director to fill the term
of Mr. Jack McKay, who resigned. Mr.
Silas Martin being chosen to fill this
position.

Mr. S. J. Bennett who has been
keeping "hatchling" through the winter
season is now expecting a lady
from the old country to keep house
and look after the garden and chickens
but some rumor that he is expecting
an interested, but which ever way, we
wish him success.

A meeting of a committee of citi-
zens intended to consider the building
of a Seamen's Institute at Quebec
on the site in the harbor secured
from the Government, was held re-
cently at the Royal Bank building.
Mr. J. C. Ross presided over the
assembly, and a letter was read
from Commander Lush, stating
that he was authorized by Mr.
George H. Ross, of the Canadian
Pacific, president of the company
would subscribe \$5,000 towards
the building, provided that
the remainder of the amount re-
quired for the purpose is obtained
from other sources.

The plans call for an expenditure
of from \$25,000 to \$30,000.
It was decided to accept this offer
with gratitude, and preliminary
diagrams took place to ways
and means of collecting the balance
of the amount.

Play the Game

But you cannot play it without the tools. We
have 'em, and at prices you can't beat anywhere.
Here are a few examples:

GOLF

Clubs — Bags — Balls
Clubs from \$2.75 to \$4.00

BASEBALL

Bats — Balls — Pads — Mitts
A good Glove at \$3.25

TENNIS

Racquets — Balls — Tapes

Golf Club repairs stocks
If Andy McFootie can't fix
them nobody can.

The GARDENING GAME

You must have a garden, and
you need Garden Tools for
it. Rakes, Hoes, Spades,
Etc., in great variety, and at
low prices.

NAMAKA NEWS

TWO MORE FIRES

What might have been a serious fire (but finally ended by clearing up the yard) occurred at the shoe store on Wednesday last, the day of the high wind. In the morning everything had been favorable, Harry fired 25 old straw stock bottom, but about noon the wind changed and commenced to scatter sparks among some loose straw in the direction of the buildings. Anticipating he would be unable to hold the fire which was rapidly spreading, he phoned for help which began to arrive promptly, and after working steadily for two hours the buildings and food were left intact. There were some very narrow escapes, several small fires starting within twelve feet of the stock yard which adjoin the stable. Over twenty of his neighbors and their hired help were fighting fire incessantly for about two hours.

We report to report that Mr. and Mrs. C. W. Watson received a phone message on Friday last which necessitated their making a hurried trip to Calgary. They were informed that Netta had to undergo an operation for appendicitis the following morning. We trust she is progressing satisfactorily.

Miss Elsie Lawrie returned to Calgary on Sunday completely recovered from her recent indisposition.

Mr. A. Nowicky was a visitor to Medicine Hat over the week-end.

Walter McKinnon upset a pull or near boiling water last week and got a severe scalding. He is progressing favorably.

Mr. and Mrs. C. Thompson and the two Misses Hunt, of Chum, also Mr. J. H. Shandley and Mr. G. Groux were visiting at the home of Mr. and Mrs. E. C. Watts on Sunday last.

For the convenience of motorists, our storekeeper leaves his key in the gas pump on Sundays. We only know of one who took advantage of the privilege on Sunday last.

One of our young ladies is suffering a keen disappointment. She made a trip to Strathmore on Saturday evening, but failed to meet her heart's desire.

Mr. Holt, Butler wishes to take this opportunity of thanking all of those who rushed to his assistance during the fire which destroyed his barn. He deeply appreciates the aid that was given him on this occasion.

At the last moment we learn that a cattle shed and part of the garage on the farm of Mr. Peter Smith was destroyed by fire. We have no further detail.

UNRESERVED

HOUSEHOLD FURNITURE

on SATURDAY, MAY 5th, 1923 at 1:30 p.m.

Local Notings

OF LOCAL INTEREST Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard. Phone 17 or 68

Dr. A. W. Given wishes to thank his friends for the many expressions of kindness extended to him during his recent illness.

We are to have a vote sometime this fall as to whether we wish it to continue dry or not. While there may be some dispute as to the wisdom or unwisdom of internal dryness, a vote on weather conditions would be unanimous for wetness.

We have heard of people whose hair turned white in a single night, but the hair of one local man turned black in a single night just a few days ago. Not the hair on his head alone, but his hair on his mustache also turned black. The ladies do not have it all their own way in regard to improving on nature.

It looks as if Strathmore Town Council are at last going to take definite action to down the dust that is Strathmore's main unpleasantness every summer. Here's hoping they succeed.

Mrs. Douglas French arrived back in Strathmore last week after a winter spent at her home in Old Country. Mrs. French went down to Montreal to meet her son on disembarkation from the S. S. "Montrealia". Mrs. French states that she had an enjoyable holiday, though the weather was very rough on the voyage across the Atlantic, the "Montrealia" being two days late in arriving at St. John.

As will be seen from our advertising column, Mr. E. Dobson is leaving his household effects on Saturday, May 5th, preparatory to leaving with Mrs. Dobson and family for Windsor, Ontario. Mr. Dobson has been a resident in Strathmore for several years, having up till spring run the store which is now occupied by Mr. Thos. D. Wright, following which he was proprietor of a confectionery business. The departure of Mr. and Mrs. Dobson and family will be regretted, and all will wish them success in their new home.

The sale of Mr. B. A. Anderson's household furniture takes place on Saturday.

A farewell party to Eva and Frank Anderson was held in the High School last Thursday evening, and was largely attended by the pupils and school staff.

Strathmore L.O.O.F. held the last of their regular night drives for the winter season on Friday evening last. There was a fairly good attendance, and an enjoyable time had. Refreshments were served. Mrs. Hinchliff was winner of the first prize for ladies, and Mr. P. J. Dunn first for gents.

In an address to the Calgary Board of Trade, Professor G. H. Hutten, Superintendent of agriculture and Animal Husbandry for the C.P.R., instanced the case of a Strathmore man operating under irrigation. C. O. Dawson, north of Strathmore, was a seaman throughout the greater part of his life. He came to Strathmore in 1911 and commenced by purchasing fifty-eight acres of irrigated land. He has devoted much of his time to poultry and in addition has a small dairy herd. He now owns about four hundred acres of land and is securing an income from his poultry of between three and four thousand dollars, producing his poultry feed largely on his own farm.

Mr. and Mrs. W. P. Rawlings visited Strathmore on Sunday, as the guests of Mrs. Crockett.

Eight pages of the world's best comics, also a wonderful book of make, for children in the Sunday Herald and Examiner. Circulate over 1,000,000. Buy it today—Wm. Laurie, Carleton, agent. 25-5

A DENIAL

On behalf of the boys who congregate in my building I wish to deny the statement that the said boys come here for the sake of gambling. It is an absolute falsehood. No vice of this nature is encouraged or allowed on my premises.

If further statements of this character proceed from the known source, I shall be justified in taking action. H. HARMER
